No room for editorials this week, we are compelled to leave matters of real interest for next week's issue.

Governor Willis finds time every day to assist in arrangements for the comfort of the sick at Camp Willis.

Governor Willis is against Ohio troops being sent to Mexico or to Texas, unless they are fully equipped and he wants them transported like men and not like cattle.

SOME FACTS.

The following is not a political advertisement and is compiled by the Editor in the interest of fair play and a square deal. There are very often misstatements and exaggerations regarding the work of various public officials, which gain a circulation and are given credence especially about election time.

The following facts in regard to the office of the Prosecuting Attorney have been brought to the attention of the Editor and we are glad to pass them on without prejudice for the consideration of our readers.

During the incumbency of the present Prosecuting Attorney, Charles T. Stahl there have been 28 indictments of these but two were lost. No allowance has been made by the county to pay assistant prosecutors during the present administration of this office, for which the present prosecutor has not reimbursed the county; it follows that whatever assistance the present prosecuting attorney has had in the trial of any case has never cost the county one cent.

Out of seven grand juries only one was kept for two days; effecting a saving of \$90.00 a day for jurors, though often work had to be done at night.

The prosecutor has always furnished the county with the best legal talent and has given good legal advice to the different boards of education, trustees, in regard to roads and etc.

The fines paid by those indicted have nearly balanced the costs of all suits tried by the prosecutor.

PORT OF HEALTH
HAS BEEN FOUND

The Discovery of Tanlac Has Made This Possible.

A sea captain would never let his ship leave port without an anchor. He realizes that without something to hold his ship in control in cases of emergencies the craft would be left to the mercy of the angry sea. In the same way an individual should guard himself against the ravages of diseases that have become so common in this country. Without something to aid nature in combating these ills—stomach, liver, kidney and catarrhal disorders, the individual is lost. Thousands have sailed happily into the port of Health on the good ship Tanlac. Tanlac, the new reconstructive tonic, has been a life-saver to suffering humanity.

The world is full of people with blighted lives—blighted through the modern mode of living in irregularity and excess. Tanlac is changing the natural consequences of wrong living for its users and is giving renewed health and strength to those many who have sought to regain the wealth they have thrown away—Health. Run-down, nervous and half-sick people should give their bodies a chance and take a tonic, appetizer and invigorant that will build up the tissues and restore the stomach to a normal working order. Tanlac will do this and more. Tanlac restores lost appetite, brings good, restful sleep, banishes that nervous, all-gone feeling, vitalizes the blood and gives the entire system a tonic up.

To those who suffer the misery of a worn-out system, those who lack appetite, who fear to eat the things that they like, and heed the pains of an enfeebled stomach—Tanic is a boon.

Tanic is now being especially introduced in Wauseon, Ohio, at Fink & Haumesser's Drug Store, where the Tanlac Man daily explains its merits and what may be expected from its use.

Tanic may be obtained in Fayette, at the King Drug Store; Bryan, Calmar, Drug Co.; Napoleon, J. B. Schaff.

How Thin People
Obtain A Plump
Strong Robust
Body

"Before I took toniline, people used to call me 'skinny,' but now my name is changed. My whole body is stout. Have gained 15 lbs. and am gaining yet. I look like a new man." declared F. P. Smith, Pittsburg, Pa., who had just finished the toniline treatment.

Would you, too, like to quickly put from 10 to 30 lbs. of good solid, "stay-there" flesh, fat and muscular tissue between your skin and bones?

Don't say it can't be done. Try it. Let us send you free a 50c package of toniline and prove what it can do for you.

Every Druggist is dispensing a great deal of toniline.

More than half a million thin men and women have gladly made this test and toniline does succeed, does make thin folks fat even where all else has failed, is best proved by the tremendous business we have done. No drastic diet flesh creams, massage, oils or emulsion, but a simple, harmless home treatment. Cut out the coupon and send for this Free package today.

Take toniline with your meals and watch it work. This test will tell the story.
